COLLEGE GIRLS SEEK SUCCESS WHERE THE POLICE HAVE FAILED.

[BY DIRECT WIRE TO THE TIMES.]

DENVER, March 26.—[Exclusive Dispatch.] Miss Dorothy Arnold, a beautiful New York girl, who disappeared last December 12, has received a police description of the missing girl, the request that after having given the matter publicity in a local paper, she forward the circular to other Bryn Mawr girls of the class of 1908, who are now in the West.

Miss Arnold's classmates have decided to start an endless chain of letters among Bryn Mawr women all over the country, hoping to solve the mystery which has baffled the police.

AMERICAN DIPLOMATS GLAD TO SEE BARRE IN DIAZ CABINET.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, March 26.—The appointment yesterday of Francisco Leon de la Barra, Mexican Ambassador to the United States, as Minister of Foreign Relations in the new cabinet of President Diaz, is believed by official Washington to mark the initial stage of an era of peace in Mexico.

Senator De la Barra departed today to take up his new duties. President Taft and Secretary Knox, as well as the members of the diplomatic corps, it is known, share the belief of coming peace. Many messages of congratulation today from persons in various parts of the world to Senator De la Barra, expressed this sentiment.

Andrew Carnegie, who has been in close communication with Senator De la Barra, wired as follows: "Cordial congratulations. Although we shall miss you sadly, we know it is for your country's good."

Diplomats and high government officers came in a steady stream today to bid farewell to the old minister. It was the fact that Senator De la Barra was required to remain in almost constant attendance by the bedside of his son, Francisco, who lay critically ill.

Ambassador De la Barra's mission to Mexico, in the face of present conditions in that country, is regarded here as the most significant occurrence in the Mexican situation since Senator Limantour conferred in New York with Francisco and Gustavo Madero, father and brother, respectively, of the revolutionary leader. It developed today that through Senator De la Barra was in New York in company with Limantour, he refrained from participating in the peace conference there.

He, however, was fully acquainted with what passed at these conferences, and, added to this, he since has had an opportunity, while in Washington, of the contentment of the revolutionary party, so that he is entering upon his duties as premier as fully equipped, perhaps, as his colleagues, Limantour, to deal with the insurgent problem.

Coincident with the departure of De la Barra, came the information that Francisco, Sr., and Gustavo Madero, strongly defended that there is no danger from an attack, but the rebel belief prevails now that the movement against Hermosillo was merely a feint to draw the troops from the small towns and in this the rebels were successful. Many smaller towns are now left practically unprotected.

Ernesto Pampa, president of the town of Saric, while at the head of a band of volunteers, was killed from ambush near the town by insurgents. Fifteen rurales have gone out to hunt the rebels.

BIPLANES TO PATROL LINE.

(Continued from First Page.)

these two towns and cutting off railroad communication more than 10,000 miners will be out of employment. Facing starvation, they may have to join the insurgents and forage on the surrounding country.

San Carlos, thirty miles south of Del Rio, is also threatened, according to telegrams received here. Troops from C. P. Diaz have been rushed there. This is the headquarters of the immense holdings of Senor Dom Lorenzo Trevino, one of the Mexican land barons and mining kings, said to be the richest man in Mexico, with the exception of Gen. Luis Teran, of Chihuahua.

At San Carlos are mammoth warehouses, where are stored great amounts of corn and beans. It is said to be the intention of the rebels to take these stores to provision their army.

Las Vacas is still threatened and it is taking all the Mexican regular troops in that section of Mexico to hold the rebels out of the more important centers. The resignation of the Cabinet is alleged by the insurgents to have brought into the open many men of influence who have been only secretly encouraging the rebels.

FLEET IN INNER HARBOR.
SAN DIEGO, March 26.—Admiral Thomas has moved his fleet into the inner harbor and the officers and men are being granted shore leave, instructed to return aboard at a signal by whistles or siren or firing of a gun. This is a general precaution and no special significance. Gen. Bliss has issued orders for general field practice.

Both sides, asserts Ludwig, have systems of espionage in all border towns and it is impossible to get trustworthy accounts of developments.

Below Yuma, Ariz., Capt. F. S. Bradley, formerly of San Francisco, is in command of 700 American marching under insurgent colors. Nearly all of them are Californians and men from the Pacific Coast are joining every day, Ludwig says.

COAL LANDS WORTH MILLIONS

(Continued from First Page.)

permitting land entry, was extended to Alaska.

With this law behind him, Stracey, the land office official, sent forty-two of his employees, some unable to speak English, to Alaska, and paid them \$100 each for filing on coal claims.

On second thought, however, according to land office officials, Stracey did not press these filings, but interested some of his friends and friends of other men in the deal and induced them to use their own names.

Corporation Council Scott Calhoun of Seattle, was one of the locators.

Of the 1600 claims filed upon Alaska coal lands, 400 are included in indictments returned in Spokane, Tacoma, Detroit and Chicago, and are alleged by the land office force to be fraudulent.

The remainder are under suspicion and are now being investigated.

The manner of locating all the groups was much the same. Few of the locators were ever within a thousand miles of Alaska, the government says.

Title to all these Alaska coal lands is still vested in the nation, no patent having been issued to any Alaska coal claimant.

Conviction of the defendants in the English case would be advantageous in setting a precedent for the prosecution of the promoters of other groups.

The government announces that charges will be filed against the English claimants and the claims cancelled regardless of the outcome of the present trial.

The Guggenheim-Morgan Syndicate, which owns railroads, steamship lines and coal mines in Alaska, has no financial interest in coal claims, so far as the records show.

VETOES NINE MEASURES.
The Governor of Oklahoma Waited Until About the Last Moment to Make Known His Displeasure.

(BY DIRECT WIRE TO THE TIMES.)
OKLAHOMA CITY (Okla.) March 26.—[Exclusive Dispatch.] Gov. Lee

Crue, yesterday, the last day on which he could legally approve or disapprove measures passed by the recent legislative session, vetoed nine bills of State wide importance, and approved eighteen.

Not a single measure was allowed to die by limitation. In all thirty measures have been vetoed, while 12 bills and four joint resolutions have been approved.

The bills disapproved in the order of their importance in this section, are: a bill for State Fair in Muskogee; authorizing the joint use of street railway tracks by competing companies; creating the office of seat tax commissioner; allowing the leasing of minor lands for oil and gas.

A period extending beyond their majority; requiring railroads to maintain hospitals within the State; fixing the amount of expense required of railway trainmen; requiring railroads to install crossings at all public highways, or private roads; making the State Agricultural Experiment Station a poultry commission, and locating an additional agricultural school in Shawnee.

Among the bills approved are: Providing for the sale of all the State school lands; creating the office of County Assessor; reorganizing the State military; creating a new training school for incorrigible girls, and appropriations amounting to \$1,150,000 cut to about \$100,000 by the Governor.

FOR BANKERS ONLY.
Publication of Report on Oklahoma Guaranty Fund Is Left to Each Individual Financier.

(BY DIRECT WIRE TO THE TIMES.)
OKLAHOMA CITY, March 26.—[Exclusive Dispatch.] Once more Oklahoma has waited in vain to hear something about the report of the State bank guaranty fund compiled by a committee of experts and submitted to Gov. Crue, almost thirty days ago.

This time the Executive Committee of the State Bankers' Association slipped into Oklahoma City, conferred with Gov. Crue, and announced that the report would be withheld "temporarily."

Late yesterday, a statement was issued that a report would be issued in book form and a "copy sent to every State banker in Oklahoma."

The statement goes on to say that it will be left to the individual judgment of each banker whether or not he will allow any outsider to see his copy.

AGED CALIFORNIAN IN HIDING.
"Col." William Hayes Takes Refuge in Biloxi (Miss.) Trying to Escape Contempt of Court Trial.

(BY DIRECT WIRE TO THE TIMES.)
BILLOXI (Miss.) March 26.—[Exclusive Dispatch.] "Col." William Hayes, aged Californian husband of Vivian Mitchell Hayes of St. Louis, is in hiding in Biloxi, Miss., on the Coast, in an effort to avoid the court yesterday, to consult one of the best law firms in Mississippi, after his New Orleans lawyers threw up the case, declaring they could not stand for his arrest.

When approached by persons who knew him well, Hayes denied his identity.

REFORM MAYOR EJECTED.
Police Found the Chief Executive of Salem (Or.) and Companions in a Cafe After Midnight.

(BY DIRECT WIRE TO THE TIMES.)
SALEM (Or.) March 26.—[Exclusive Dispatch.] After opening his administration in the role of a reformer, Mayor Lechman, with Kola Nels, Conrad Krebs, Julius Pius, wealthy shop men of this city, and men giving the names of George Wilson and Arthur Anderson of Portland, were ejected from The Marion Hotel Bar at 1 o'clock, Saturday morning by Chief of Police Hamilton, after they had been warned a number of times by Patrolman Cooper to leave.

The ordinance here provides that saloons shall close at 12 o'clock midnight.

No action has been instituted by the Chief of Police in relation to their fines, but the Marion Hotel has been closed for keeping open hours. Secrecy was maintained in regard to the affair and the news did not become known today.

It is said that the Mayor and his friends were singing and shouting, which caused the police officer first to remonstrate. They paid no attention to Patrolman Cooper and again he remonstrated, after which he called the attention of Chief Hamilton to the circumstances.

SACRAMENTO.

(Continued from First Page.)

passed the Senate a week ago and had just come from the Assembly Judiciary Committee with approval.

COGHLIN SEES TRAP.
Coghlan of San Francisco, in charge of the Anti-Injunction and Alien Land Bills, and a skillful parliamentarian, felt the Bohnett trap at once. He asked the chairman for permission to make a statement. He was permitted to protect against wiping out the second reading file, but Speaker Hewitt's gavel interrupted his efforts to go further. He tried to amend the motion by substituting a recess until 8 o'clock. This was promptly ruled out of order.

Then he shouted "I will vote against adjournment," as a cue to his followers. Most of them understood. Many were absent. As the motion to adjourn was not debatable and a roll call was ordered Coghlan had to take his seat and fume while the Bohnett motion carried by a vote of 42 to 23.

After the result Furumeth and his aides stormed in the Chamber and denounced the Governor's secretary, Al McCabe, for entering the Assembly to "frame up" the "thrusting" of the bill, which is the dearest thing to the unionites. There is no question of McCabe's mission on the floor nor of the authority he had to be there.

PRESCOTT'S STATEMENT.
Assemblyman Prescott of the Cogswell, of El Monte, chairman of the Assembly Ways and Means Committee, who was one of those who planned the coup, made this statement tonight:

"All I can say is that the Governor did not want this Anti-Injunction Bill passed. He did not make any request concerning the alien land law. His sole request was for the defeat of the Anti-Injunction Bill."

It was supposed until this statement was made that the Governor had been caught in the same body with the Low Angeles members and had acted conjointly with them. He did not want the alien land law to pass because the President has requested that no legislation be enacted for fear of jeopardizing the relations with Japan. But it is asserted that the Governor had no such fear.

As to why the Governor should not wait for the passage of the bill and defeat it, Cogswell said:

"It is hardly fair to ask the Governor to veto all these offensive laws. There are some things that should not be put up to him. This was one of them. He has vetoed the bills creating labor commissions and will veto others."

UNIONITES HOWLING.
On the other hand, the laborites are howling that they had an understanding that the Governor would not interfere and would not veto the measure. They charge bad faith on the part of the administration.

Probably no action at this session has raised such a storm as the Governor's venture into the bill killing game. Last night he was incensed because the Los Angeles delegation did not solidly support the Bohnett motion to consider bills at noon today.

But then the Los Angeles members did not thoroughly understand the situation and besides there were a number of important bills—the Hurd pilate bill, the Hewitt eminent domain measures affecting the harbor, Biggs and the reconsideration of the tideland bill, which might have been lost. Because of this Hinchaw of Long Beach and Lamb of Los Angeles voted against the Bohnett resolution.

GOVERNOR IN FLAY.
Seeing that this mistake might lead to the passage of the anti-injunction bill, it is said the Governor got almost openly into the fray and made the measure killed.

These facts are asserted by all sides and admitted by administration authorities. The latter say the assembly leaders seemed negligent or too clumsy in their maneuvering with the measure to suit the Governor. They also say that he was the instrument that held it up in the Judiciary Committee and that he let it out on the promise that it would be killed.

There will be a storm about it tomorrow seems certain. Only the adjournment of both houses this afternoon prevented the laborite lobby from assailing all the members with protests and demands for resignation.

A meeting was held tonight to discuss further action by the labor members, but the assurance that the Governor will veto the bill, chilled the talk. A little. The more fanatical favor an attempt to get fifty-four votes and force him to veto it. They say he would not dare.

Besides the alien land law, the Los Angeles judges and other legislation affecting the south, the Hurd dental board bill was sacrificed in the killing of the second reading file. Hurd has just lost by vote another bill when the anti-injunction coup began and he was present to see the end of his dental bill also.

But if Hurd did lose two bills in the assembly he saved the law department of the University of Southern California against a sure majority. Assembly held's innocent bill requiring all counselors and attorneys to undergo examination before the Supreme Court before being admitted to the bar came up in the drowsy Senate and was about to pass.

WALLACE STARTLED.
Hurd recognized as a bill which meant that no graduate law school accept the Hastings School of the University of California could be admitted without examination. It meant that the privilege of admission without examination to the graduates of the University of Southern California would be withdrawn by law.

Hurd attempted to talk against the bill. He gave Hurd his head would talk. Then he told the effect of the bill on the university. Wallace almost dropped the gavel in his excitement, as he is one of the trustees of the university.

"Proceed Mr. Hurd," he said. Senator Gage's speech, which caused a general debate and the bill was defeated by a vote of 15 to 13, Hurd had saved the day.

COAL LANDS WORTH MILLIONS

(Continued from First Page.)

permitting land entry, was extended to Alaska.

With this law behind him, Stracey, the land office official, sent forty-two of his employees, some unable to speak English, to Alaska, and paid them \$100 each for filing on coal claims.

On second thought, however, according to land office officials, Stracey did not press these filings, but interested some of his friends and friends of other men in the deal and induced them to use their own names.

Corporation Council Scott Calhoun of Seattle, was one of the locators.

Of the 1600 claims filed upon Alaska coal lands, 400 are included in indictments returned in Spokane, Tacoma, Detroit and Chicago, and are alleged by the land office force to be fraudulent.

The remainder are under suspicion and are now being investigated.

The manner of locating all the groups was much the same. Few of the locators were ever within a thousand miles of Alaska, the government says.

Title to all these Alaska coal lands is still vested in the nation, no patent having been issued to any Alaska coal claimant.

Conviction of the defendants in the English case would be advantageous in setting a precedent for the prosecution of the promoters of other groups.

The government announces that charges will be filed against the English claimants and the claims cancelled regardless of the outcome of the present trial.

The Guggenheim-Morgan Syndicate, which owns railroads, steamship lines and coal mines in Alaska, has no financial interest in coal claims, so far as the records show.

VETOES NINE MEASURES.
The Governor of Oklahoma Waited Until About the Last Moment to Make Known His Displeasure.

(BY DIRECT WIRE TO THE TIMES.)
OKLAHOMA CITY (Okla.) March 26.—[Exclusive Dispatch.] Gov. Lee

Crue, yesterday, the last day on which he could legally approve or disapprove measures passed by the recent legislative session, vetoed nine bills of State wide importance, and approved eighteen.

Not a single measure was allowed to die by limitation. In all thirty measures have been vetoed, while 12 bills and four joint resolutions have been approved.

The bills disapproved in the order of their importance in this section, are: a bill for State Fair in Muskogee; authorizing the joint use of street railway tracks by competing companies; creating the office of seat tax commissioner; allowing the leasing of minor lands for oil and gas.

A period extending beyond their majority; requiring railroads to maintain hospitals within the State; fixing the amount of expense required of railway trainmen; requiring railroads to install crossings at all public highways, or private roads; making the State Agricultural Experiment Station a poultry commission, and locating an additional agricultural school in Shawnee.

Among the bills approved are: Providing for the sale of all the State school lands; creating the office of County Assessor; reorganizing the State military; creating a new training school for incorrigible girls, and appropriations amounting to \$1,150,000 cut to about \$100,000 by the Governor.

FOR BANKERS ONLY.
Publication of Report on Oklahoma Guaranty Fund Is Left to Each Individual Financier.

(BY DIRECT WIRE TO THE TIMES.)
OKLAHOMA CITY, March 26.—[Exclusive Dispatch.] Once more Oklahoma has waited in vain to hear something about the report of the State bank guaranty fund compiled by a committee of experts and submitted to Gov. Crue, almost thirty days ago.

This time the Executive Committee of the State Bankers' Association slipped into Oklahoma City, conferred with Gov. Crue, and announced that the report would be withheld "temporarily."

Late yesterday, a statement was issued that a report would be issued in book form and a "copy sent to every State banker in Oklahoma."

The statement goes on to say that it will be left to the individual judgment of each banker whether or not he will allow any outsider to see his copy.

AGED CALIFORNIAN IN HIDING.
"Col." William Hayes Takes Refuge in Biloxi (Miss.) Trying to Escape Contempt of Court Trial.

(BY DIRECT WIRE TO THE TIMES.)
BILLOXI (Miss.) March 26.—[Exclusive Dispatch.] "Col." William Hayes, aged Californian husband of Vivian Mitchell Hayes of St. Louis, is in hiding in Biloxi, Miss., on the Coast, in an effort to avoid the court yesterday, to consult one of the best law firms in Mississippi, after his New Orleans lawyers threw up the case, declaring they could not stand for his arrest.

When approached by persons who knew him well, Hayes denied his identity.

REFORM MAYOR EJECTED.
Police Found the Chief Executive of Salem (Or.) and Companions in a Cafe After Midnight.

(BY DIRECT WIRE TO THE TIMES.)
SALEM (Or.) March 26.—[Exclusive Dispatch.] After opening his administration in the role of a reformer, Mayor Lechman, with Kola Nels, Conrad Krebs, Julius Pius, wealthy shop men of this city, and men giving the names of George Wilson and Arthur Anderson of Portland, were ejected from The Marion Hotel Bar at 1 o'clock, Saturday morning by Chief of Police Hamilton, after they had been warned a number of times by Patrolman Cooper to leave.

The ordinance here provides that saloons shall close at 12 o'clock midnight.

No action has been instituted by the Chief of Police in relation to their fines, but the Marion Hotel has been closed for keeping open hours. Secrecy was maintained in regard to the affair and the news did not become known today.

It is said that the Mayor and his friends were singing and shouting, which caused the police officer first to remonstrate. They paid no attention to Patrolman Cooper and again he remonstrated, after which he called the attention of Chief Hamilton to the circumstances.

DROPS TO DEATH.
[BY DIRECT WIRE TO THE TIMES.]
COLTON, March 26.—[Exclusive Dis-
patch.] Eligio Gonzales fell from a
platform at the mill of the California
Portland Cement Company's plant here
this afternoon and was instantly killed.
Gonzales dropped thirty feet, striking
on his head. He had been employed
over two years at the plant dumping
clinkers. There being two tracks on
the platform from which he fell the
accident cannot be explained. Corner
Fuller will hold an inquest tomorrow
at Knopendy's undertaking parlors.

Coronado Polo Tournament now on.
TWO ARE HURT IN A RUNAWAY.
Visitors at Brawley Have an Ex-
citing Time With a Rather Dis-
astrous Finish—Land Submerged.

BRAWLEY, March 26.—R. Z. Imier
of Glendale who was spending a few
days at his summer home here, and
his cousin, Miss Cora Hickman of
Tropico, who is spending several
weeks at her father, J. B. Hickman's
ranch adjoining D. H. Imier's ranch
La Verne, were seriously hurt in a
runaway accident today while driving
to Brawley.

Mr. Imier was driving a spirited
team of young horses and as he
crossed the Tamarack Creek bridge
the horses were frightened and the
dashed towards New River and then
ran onto the bridge. When they fell
onto the bridge one of the whips-
trees caught in the left front wheel
turning the light road wagon and Mr.
Imier was thrown against the bridge
railing sustaining a broken rib and
a number of deep cuts and bad
bruises. Miss Hickman was thrown
over the bridge into New River fall-
ing a distance of twenty-five feet.
In falling Miss Hickman's head struck
a large timber projecting over the river
and she received a deep scalp wound
which necessitated the attending phy-
sician taking several stitches. Miss
Hickman also received a broken rib
and numerous bruises about her head
and on her body. Miss Hickman was
thrown into a bed of quicksand and
only by the most desperate efforts
could she be drawn from the quicksand.
Mr. Imier was unable to assist his
cousin, who finally managed to drag
herself to some piling.

NEWS BRIEFS.
H. B. Stewart, superintendent of
water company, left today for the
intake on the Colorado River to gain
a better understanding of the water
situation. There is a break on the
Alamo which is flooding several thou-
sand acres. When this vast acreage
has been submerged then the water
will reach its accustomed level and
will continue supplying the various
crops. The water is being pumped
into the Colorado River.

SAYS HE WAS JUSTIFIED.

Booker T. Washington Commands
as "The Manly Thing" the Assault
Made on Him in New York City.

[BY DIRECT WIRE TO THE TIMES.]
PHILADELPHIA, March 26.—[Ex-
clusive Dispatch.] Booker T. Wash-
ington, the negro educator who was at-
tacked and beaten in New York last
Sunday night after he had been charged
with being prowling around a hallway
and for which alleged attack Albert
Ulrich, a resident of an apartment
house, has waived a preliminary hear-
ing, today emphatically declared that
he believed Ulrich was justified in at-
tacking him under the circumstances.

"In looking upon the attack after
seven days from its occurrence," said
Washington, "I believe that Mr. Ul-
rich was justified in attacking not
only me, but any other man under
similar circumstances. I was in the
hall of the house and was peering at
the name plates on the doors in an ef-
fort to find one of my business ac-
quaintances."

"After the charges had been brought
I learned that Ulrich had a daughter
and that several efforts had been made
to kidnap her. There seems to be
little doubt that Ulrich thought I might
be a kidnaper and he was perfectly
justified in attacking me. No man
could have done otherwise under the
circumstances."

"I have no personal feelings against
Mr. Ulrich. To my mind he did the
manly thing."

"But will you continue the prosecu-
tion?" Washington was asked after the
statement.

"That is something I cannot answer,"
he replied. "The whole matter is in
the hands of my attorneys."

WILL BECOME
A BRIDE TODAY.

DAUGHTER OF GERMAN AMBAS-
SADOR WILL WED A COUNT.

Washington Society Annals the
Event With Greater Interest Than
Has Attended Any Function Since
Alice Roosevelt Became the Wife
of Nicholas Longworth.

[BY DIRECT WIRE TO THE TIMES.]
WASHINGTON (D. C.) March 26.—
[Exclusive Dispatch.] Society awaits
the marriage tomorrow afternoon of
Countess Alexandra von Bernsdorff,
daughter of the German Ambassador
and Countess von Bernsdorff, with
Count Raymond Pourtales, at-
tache of the German Embassy, with
most interest than has attended any
social affair since the former Miss
Alice Roosevelt was married in the
White House to Representative Nicho-
las Longworth of Cincinnati. This
will be the first marriage of the daughter
of an Ambassador here in many years.

The wedding will take place at 4
o'clock tomorrow afternoon in the Con-
cordia Lutheran Church and will be at-
tended by the President of the United
States and his family, the entire diplo-
matic and official circles and the fash-
ionable colony generally. Following the
church service there will be a large re-
ception in the German Embassy, which
will include the list of guests invited to
the church.

Countess Alexandra has received
hundreds of beautiful gifts, which com-
bine a remembrance of her wedding and
a farewell to her, for she will leave
March 30 with her husband for Ger-
many, where Count Pourtales will begin
his duties in the Foreign Office in
Berlin.

In the list of gifts are many from
officials in Washington to whom the
little German-American countess has
endeared herself.

President and Mrs. Taft and Miss
Helen Taft have contributed to the
wedding gifts. From the President and
Mrs. Taft there is a handsome lace fan
with sticks of mother of pearl incrust-
ed with gold. Miss Helen Taft had a
thought for the home, which the young
countess will set up in Berlin and sent
a handsome silver dish.

The German Ambassador and Count-
ess von Bernsdorff have given their
daughter a wonderfully unique tiara
of diamonds, the stones forming a
breath of roses. The tiara is a beau-
tiful work of the family of the Ambassa-
dor and was among the wedding gifts of
the Ambassador to his wife.

Baron Hengelmueller, the Austro-Hun-
garian Ambassador and Baroness Hen-
gelmueller have sent a silver fruit bas-
ket, the French Ambassador and
Mme. Jusserand there is a silver sugar
bowl, while the British Ambassador
and Mrs. James Bryce have given a
pair of silver napkin rings.

Countess Alexandra's brides-
maids have added several attractive
gifts to the collection.

STABBED IN THE BACK.
St. Louis Woman Accuses a Man
Whose Smiles and Attention She
Spurned on Other Occasions

[BY DIRECT WIRE TO THE TIMES.]
ST. LOUIS, March 26.—[Exclu-
sive Dispatch.] The plot of a woman
behind a Sadie in front of No. 1306
Grier Avenue about 11 o'clock last night
and drove a knife into her back. She
charges Charles Martinek with the
crime committed almost on her own
doorstep. She lives at 1304 Grier Avenue.
He is under arrest.

Miss Sadie left home about 9
o'clock to go home with her sister Mrs.
Edward A. Mikecek. After remaining
with her sister until about 10 o'clock
she started home on Eighteenth Street
and on the way she passed Martinek.
He followed, passed her and stopped
on Grier between 15th and 16th streets,
when she passed him the second time.
Then he stabbed her.

Two Brothers Are Slain.
Third Gentleman Who Is Said to
Have Engaged in a Pistol Duel
With Them Is Arrested

[ASSOCIATED PRESS NIGHT REPORT.]
ALBUQUERQUE (N. M.) March 26.—
Tom and Ed Hall, brothers, are
dead, and William Zumwalt is in jail
as the result of a pistol duel with
them. The shooting began last evening
with revolvers this morning near
Kenna, N. M.

The men were cattlemen and owners
of small ranches near Kenna. The
fight was the result of a dispute con-
cerning the ownership of cattle.

A small boy, the only witness of the
tragedy, says all three men were
mounted and that shortly after they
met the shooting began. An empty
six-shooter was found beside the body
of Ed Hall.

ROADS YET UNCERTAIN.
Judge R. R. Canfield, returning from
a trip over the roads in the northern
part of the county, said yesterday that
means of travel are as yet limited.
The narrow gauge railroad is still out
of commission as the result of the re-
cent record-breaking snow and road-
breaking storm, while many of the high-
ways are barely passable to a light
rig.

In many places, Judge Canfield
stated, the roads have been im-
proved and will allow traffic un-
less more rains occur, until perma-
nent improvements can be made.

WAITING FOR NEWS.
Members of Riverside Chamber of
Commerce Want to Hear Tidings
from Washington.

RIVERSIDE, March 26.—The several
hundred members of the Riverside
Chamber of Commerce, and of the
Riverside Business Association, are
anxiously awaiting news from
Washington from President George M.
Cookey, of the Interior Counties Freight
Bureau, which organization has a
strong showing in the contest for
the presidency of the Interstate
Commerce Commission now sitting on
several of the freight routes of the
country whose towns and cities are
represented by this organization are
San Diego, Imperial, Riverside, San
Bernardino, Orange, Pomona, and
Ontario. The delegation which is re-
presenting the bureau is composed of
Attorney Byron Waters, Traffic Man-
ager Jones of Phoenix, President Coley
and several other members of the bu-
reau. It is confidently hoped that
the bureau will obtain a decision from
the commission against the back haul
charges which the railroads have been
exactingly and by which discriminatory
arrangement the merchants of River-
side are compelled.

The bureau is in the midst of the
haying season, cutting alfalfa and
large acreages of barley. The heads of
the latter are remarkably well round-
ed and filled for this time of the year
and indications are that the crops this
season will surpass in quality and
abundance those of last season.

L. A. Rank, formerly of Alameda,
and one of the officers of water com-
pany No. 5, having purchased recent-
ly a large acreage, is making ex-
tensive improvements on his ranch
and will eventually take up his residence
there.

Santa Ana Educators Reject Blower
Put in by Sub-contractor and Make
a New Deal.

SANTA ANA, March 26.—The
Board of Education has taken the
completion of the Jefferson school
building into its own hands, and will
conduct the work. The contract pro-
vided by William O'Brien, the con-
tractor, He sub-let a contract for the
heating plant to the Machinery &
Electrical Company of Los Angeles,
which put in a blower that the school
board would not accept. He refused
to replace it with the full-sized
Sturtevant blower required by the
specifications. The school board has
let a contract to E. D. Huff of Los
Angeles for the blower, for \$635.

Delayers from the Santa Ana High
School and Occidental Academy last
night discussed the question. "Re-
solved, that National Conservation of
Natural Resources is Better than
State," Santa Ana, the affirmative,
won by a score of 127 to 123.

Peter Duhamel, a retired cattlemen
of Rapid City, S. D., today married
Marie E. Van De Kerkhove, of the
same city. Duhamel gave his wife
a score of 127 to 123.

SENIORS WIN DEBATE.
Corona High School Students Dis-
cuss Question of the Retention of
the Philippines—Young Girl Hurt.

CORONA, March 26.—The debate in
the High School Auditorium last evening
between the Seniors and Juniors
was won by the former who spoke on
the negative side of this question:
"Resolved that the United States is not
justified in the further retention of
the Philippines." Edward Lincoln, in-
dignant, Herman Hoss represented the
Seniors, and Stephen Willard, the
Juniors, and Clinton Western, the
proponent of the debating team, pre-
sided. George Snidcor, E. B. Collier
and E. J. Generous were the judges.
The high school orchestra furnished
music in the afternoon at a truck
meet between the Seniors and Juniors
the latter carried off the honors.

The local high school has selected
Clinton Western, Herman Hoss and
Letha Roney to debate with the Full-
erton High school in Corona, the even-
ing of April 10th, the question to be
"Canadian Rectitude."

Municipal System of Call and
Alarm Boxes Especially Adapted
to the Business of News Gathering
Is Proposed by the Administration
of the Wisconsin City.

[BY DIRECT WIRE TO THE TIMES.]
MILWAUKEE, March 26.—[Exclu-
sive Dispatch.] A municipal tele-
phone system for the use of the
newspaper reporters, city officials,
police and fire departments is the
plan of the Socialist administration
for the modernization of the city's
electrical equipment. The new sys-
tem will be like that now in use in
Los Angeles, in many particulars. As
in that city, the electrical equipment
will be in one box—the fire alarm tele-
graph in one section, the police de-
partment telephone in another—but
the Milwaukee socialists will add to
this the facilities for the newspaper
reporters. This will be in a third part
of the boxes, which will be located in
all parts of the city, just as fire alarm
boxes are now distributed.

Keys to a regular telephone sys-
tem, centering in the City Hall, will
be issued to newspaper reporters
with the authorization of the adminis-
trator. They will then be able to
get into immediate communication
with their newspaper offices through
the City Hall central. City officials
will also carry keys to these boxes,
but the newspaper men will be able to
avoid troubling the private tele-
phone subscribers in cases of ac-
cident, when wishing to telephone news
to their offices.

Falls Twelve Stories.
Boy Who Was the Only Person in
St. Louis Service Elevator Escapes
Death as If by Miracle

[BY DIRECT WIRE TO THE TIMES.]
ST. LOUIS (Mo.) March 26.—[Exclu-
sive Dispatch.] The hundreds of guests
and employees of the Hotel Jefferson, a
palatial downtown house, were greatly
excited tonight, when they heard that
an elevator had fallen from the top
floor. It was learned that the service
elevator for employees in the rear had
fallen at 7 p. m. from the twelfth floor
to the basement.

The elevator boy, Engel Millef, the
only occupant of the elevator, escaped
instant death as if by a miracle. He
was picked up by the engineer in the
basement and taken to the city hospital
where it was found he had suffered a
compound fracture of the leg, but it
was not believed he is internally in-
jured.

It is supposed he bumped the ele-
vator against the ceiling of the top
floor breaking the elevator cables and
causing the car to fall.

Fans Wildly Guessing as to Winning Team.

The Probable Line-ups Show Many Classy Players.

The Portland baseball team, with Walter McCredie in charge, arrived in Los Angeles early this morning, in shape to open the Pacific Coast League race with the Angels tomorrow afternoon at Washington Park.

The Beavers played an exhibition game yesterday afternoon at Pismo Beach, and for the residents of San Luis Obispo, McCredie's bunch promised the Angels a drubbing in the forthcoming series.

Immediately after their arrival here the team went to its quarters at the Rosslyn Hotel, where it will remain until the end of the series.

With big automobile parades in Los Angeles, San Francisco and Sacramento, the playing of bands and a general outpouring of the fans the 1911 season of the Pacific Coast League is scheduled to open tomorrow afternoon and every indication shows that the year will be a banner one in baseball.

Never before has there been such universal interest in the great American game. Thousands of fans in the East eagerly scan the papers for news from the training camp of their favorite team and hundreds of fans are interested in the same manner in what is doing in the Coast League.

There will be all kinds of guesses today and tomorrow about the Coast League teams as to which club has the best chance to win the pennant, but all such guesses will be wild and foolish. No one, no matter how experienced can size up the teams of the league until he has seen each of them play at least five games. Down here in the south the local fans have seen only the Vernon and Los Angeles teams in action and know the other teams only by long-distance reports.

The same conditions govern the northern fans, while the Sacramento and Portland teams are less known.

It is all guess work, but judging from past performances the Vernon team must appear the stronger to all unbiased fans for the reason that its pitching staff is made up of the same men the team had last year and the records show that these were strong.

In addition Hogan has Stewart and Castleton.

By a comparison with the team of last year Vernon and San Francisco seem to be particularly strong for the teams are practically intact. Portland lost Fisher, Olsen, Krapp and Gregg; Oakland will miss Cameron and Hogan; San Francisco is shy of Bodie and Los Angeles will certainly

SEAL PLAYERS FIGURE THEY WILL DEFEAT VERNON TEAM.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, March 26.—[Exclusive Dispatch.] San Francisco is awaiting the opening of the Coast League season on Tuesday with great expectancy.

The Seals line up will be: Powell, left field; McArdle, shortstop; Melchior, right field; Tennant, first base; Lewis, centerfield; Vitt, third base; Mohler, second base; Schmidt, catcher; Sutor or Browning, pitcher.

The chances are that Sutor will be the pitcher. His control has improved in every game.

Hogan's line up will be the same as in today's game with Santa Clara except with Carson officiating on the slab. The managers of both teams see the pennant won. Danny Long says:

"I figure the Seals will win the pennant this year. We have lost but one man—Bodie. To offset him we have Powell and Weaver, who are both faster on the bases. This, together with pitchers who will show improvement ought to win us the pennant."

Hogan banks high on Jerry Sheehan, the catcher he has secured from the Red Sox.

HOGAN CONFIDENT.
[BY DIRECT WIRE TO THE TIMES.] SAN FRANCISCO, March 26.—[Exclusive Dispatch.] "Happy" Hogan and his Vernon braves reached San Francisco late tonight in readiness for the opening of the season. Hogan had eighteen men with him when he arrived, Catcher Sheehan joining the club at their headquarters at the Continental Hotel. Hogan says he has a stronger club than last season.

"It is a staidier team than before," said Hogan, "and that is what is going to count. The boys are not making errors of judgment and that pleases me. In the last eight exhibition games we only had three errors. The new men are shaping up well and we will be in the fight."

Hogan is not sure who will pitch the first game but it will be either Stewart or Carson, both of whom have rounded into form. Hap will probably catch the first game.

After administering a crushing defeat to the Angels in the final game of the series by batting the local pitchers all around the lot, the Boston Red Sox left for the East last night at 10:15 o'clock.

NAGLE MAY BE RETURNED.

[BY DIRECT WIRE TO THE TIMES.] PITTSBURGH, March 26.—[Exclusive Dispatch.] The Los Angeles club is trying to get back Pitcher Walter Nagle from Pittsburgh.

The Pacific Coast club has wired to President Dreyfus at Hot Springs, Ark., asking him to send Nagle back to Los Angeles in case he is not retained on the Pittsburgh team. In case they won't return Nagle, Berry asks for some other right-hand twirler.

Owing to the work Nagle is doing in the games at Hot Springs, he stands a fine chance of making the team, in which case Berry will get one of the cast-offs and another pitcher now in the Eastern League who is the property of Pittsburgh.

"BE IN UNIFORM IN TWO WEEKS."

PITCHER TOZER SAYS HE IS "FEELING GREAT."

Declares That His Right Arm Has Been "All Right" for More Than a Week, But His Left Has Been Discouragingly—Bullet Carried Piece of Coat Into Wound.

"I am feeling great, and within a couple of weeks will be in uniform," said big Bill Tozer the Angel's star twirler, who was shot through both shoulders, two weeks ago at Murrietta, when queried yesterday.

"My right arm has been all right for more than a week, but my left is still giving me trouble. The bullet that pierced my salary wing," said he, "reached a point a few inches above the elbow. The wound was clean, and within three days after the shooting, it had completely healed."

"My left arm, however, was not so lucky. The bullet that entered the shoulder carried a piece of my coat with it, and this caused the wound to fester. The wound is still discharging pus, but within a few days I expect that it will be absolutely dry. After that I will rest a couple of weeks, and then will be in shape to get into uniform."

YOUNG MOTHERS

The greatest crisis in a woman's life is when first she becomes a mother. All the physical strength of nature is demanded at such time, and it is necessary that her system be thoroughly prepared for the event in order that her health be preserved for future years. Mother's Friend is woman's safest reliance; it is a medicine for external use, composed of and other ingredients which assist nature in all necessary physical changes of the system. Its regular use before the coming of the period, the system and tendons for the unusual strain, aids in expanding the skin and flesh and strengthens all the membranes and tissues. Mother's Friend lessens the pain and danger at the crisis, and leaves the mother in such healthful condition that her recovery is always rapid and natural. Mother's Friend is sold at drug stores. and its wonderful salvation and blessing for all men. The Great Teacher's declaration that they who break God's commandments and teach others so to do shall be like unto him, is a source of great and considerable perplexity in the past. The question has been, How could any man be so faithful to the Lord who breaks God's commandments and teaches others so to do? The answer is that many of God's people have labored under this question, and have done things which they ought not to have done and left undone the things which they ought to have done. The illustration of John Calvin, who, as man as he was, burned his Christian brother, Servetus. Such violation of the Great Teacher's words, as he is teaching must, according to our human judgment, assign Brother Calvin to the same class as King Ahab. That he had more carefully, more sought the will and Spirit of God, however, it is not for us to judge. We are not to be so sure of the accuracy of our Lord's words.

Begotten of the Holy Spirit and privileged of the Lord to be disciples as well as to be teachers, we should be so faithful in the study of the Scriptures as not to be mistaken as to the meaning of the words of their meaning. Wrong practice or false teachings do not always represent disloyalty to God, but they surely do always represent slackness or inattention to the Divine message; though we may be sure of the Lord's faithfulness to those who are of the proper, teachable spirit.

BOSTON SQUABS BEATEN TWICE.

Dubs Not In It.

Although only a new member in the Boston Squabs, Richardson took to the front yesterday with high score. He is getting well up toward the champion class. G. I. Royce made good headway in his bid for the U.S.R.A. targets for the medals offered by the National organization for scores of 80 to 95.

The club is planning for several championship contests to take place early in the season. The scores of yesterday's shoot:

Richardson, 85, 90, 92, 94, 94; R. J. Fraser, 86, 89, 90, 90, 91, 91, 93; C. R. Wolf, 81, 81, 82; H. Van Devur, 70, 72, 75, 75.

Revolver practice:

A. B. Douglas, 88, 88, 89, 92.

U.S.R.A. Medal shoot:

G. I. Royce, 86, 86, 90, 90, 92, 92.

VERNON'S PETS STRIKE A SNAG.

DROP EXCITING CONTEST TO SANTA CLARA COLLEGE.

Schoolboy Barry holds Hogan's men to three scattered singles and shut-out in Ninth Inning. Amateurs Make Five Blunders.

(BY DIRECT WIRE TO THE TIMES.)

SANTA CLARA, March 26.—[Exclusive Dispatch.] Willard Melike, San Francisco recruit, finished the downfall of the Vernon Irregulars in California this afternoon. Just prior to the distressing affair, distressing so far as the easterners were concerned, they had been whipped in a eleven inning game by Oakland 4 to 5. This left anything but a good taste in the mouths of the Hope-To-Be major leaguers, and the 3 to 0 shut-out that they suffered at the hands of the Seals in the afternoon was their final farewell. They did have one chance to score, when they bunched three hits, but Thoney threw that away by his carelessness on the bases.

For the most part, however, Melike, already an assured member of the San Francisco Club, did not give them an opening. Five hits they made off of him, but he fanned ten of them and the last switch to Dale stopped the run-getting habit of the Coastlers. It was altogether too late. Hunt pitched as poor a game as he has shown on the coast this spring, six runs and eight hits being what he gave away. Pape was almost as bad when he started, for his wildness forced in one of the runs.

With the lead that was so easily acquired, there was not much of a chance for the fans to root with their club and the crowd, that was surprisingly good when you stop to think of the quality of ball, or rather the lack of quality, was silent for the most part.

VERY POOR RECORD.

With the two Sunday defeats, the Bostonians left tonight, for the East, with a record of which they can be anything but proud. On their northern trip they succeeded in winning one game from the Seals and then they came to a sudden stop. Santa Clara College was defeated in San Jose and the seniors were twice beaten in Sacramento. In a total of thirteen games, therefore, the Irregulars won four, and lost the other nine, Oakland gathering in four while San Francisco took five. Thier luck in the southland, where they played nine games, was a little better, for they succeeded in capturing four out of nine.

The morning session was nip and tuck for most of the game, with all the honors due Tiedemann and his stick work. It was his two-bagger that tied the score and finally his home run in the eleventh inning that won for Oakland by a score of 4 to 5.

MUSIC AND STAGE.

(Continued from Fifth Page.)

chorus, Ferris Hartman yesterday opened for the thirty-fourth week in the Grand Opera house at either of the performances and Treasurer Spaulding reports that the advance sale of seats for the balance of this week's performances is larger for the corresponding time than in any of the previous weeks of "The Campus" remarkable run.

Los Angeles Kavanagh is trying to secure out where all of the people who are now packing the Grand have been hiding themselves for the past twelve weeks.

"The Girl From Rector's," Paul Potter's argued-about but financially successful farce-comedy, will commence a week's engagement at the Auditorium tonight.

The coming of Elbert Hubbard to the Orpheum for the one-week opening today is a distinctive event in vaudeville circles. Whether one agrees with the East Avenue philosopher or not, one must perform to be interested in what he has to say, for he cannot be accused of trimming in any way to suit popular fancy, and his views are enunciated with a fine disregard for the opinions of others. He is iconoclastic, argumentative and emphatic, and it is certain that he will wake his hearers up, no matter whether it is a pleasant sensation to them or just the opposite. With him on the bill is an assortment of vaudeville talent, embracing Bird Millman, the "Tanganyika of the air," in her wire walking stunts, "The Fire Commissioner," a playlet against graft, The Empire Comedy Four, Walter Graham's mannikin musical hall, Boudin Brothers, with their accordeons, Welch, Mealy and Montrose and the "Traite of Hoffman," with Helena Frederick.

A new eight-act bill will open at the Los Angeles Theater this afternoon. The features of the new bill are the Four Avolos, a quartette of premier xylophonists; the team of funmakers, Weston and Young, in a new skit, "A Modern Flirtation," and the little favorite, Eva Mudge, known throughout the vaudeville world as "The Military Maid." Others will be Edmond Soraghan, William Lenzor and their company presenting the travesty on professional life, "Dorron's Substitute"; Raymond and Hall in lively eccentricities; Hardie Langdon, singing comedian; Mlle. Silverado in her graceful gymnastic exhibition and the new comedy motion pictures.

Deputy Sheriff is Presented with Revolver for Slaying Bull on Rampage at Schutzen Park.

It pays to be a hero, even in the face of a mad bull. Deputy Sheriff Bert E. Rico prevented a stampeding of women and children by a bovine at Schutzen Park, September 16, and although the Carnegie Medal Committee overlooked his prowess as a life-saver, the Vaquero Club, of which he is a member, did not.

Yesterday at the first meeting of the club this year, the President, William Hatchinson, on behalf of the members, presented the gallant deputy with a fine special Smith & Wesson revolver appropriately engraved.

The bull at Schutzen was not an accident. It had been brought there for a bull fight, but it broke the rules of the game by jumping the fence and charging the spectators on the hillside. With foresight and courage, Rico galloped his cow pony in front of the bull and drove a bullet between its eyes. When the brute dropped in its tracks, the spectators, who had stood aghast a minute before, wildly applauded.

The presentation of the revolver yesterday at the club's quarters, at the Plummer ranch, south of Hollywood, was made the occasion of a savory barbeque and an afternoon of Spanish dancing.

HURST TIRE WRECKS THINGS.

Dig Bang Under Auto Followed by Shattering of Glass as Rim is Blown Through Show Window.

Automobiles as weapons of warfare may one day augment, if not supersede, cannon. A demonstration of their availability for this purpose was made on South Spring street yesterday afternoon when a tire exploded with a report like giant powder, and the big noise was immediately followed by a shower of glass. The tire had blown the rim of the wheel through the glass door of the Bradley-Wise Paint Company, No. 449 South Spring street. The tire went whizzing through the air with the speed of a bullet and it was lucky for the man in front of it that he was not there.

For Your Hair Here Are Facts We Want You To Prove At Our Risk

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth. Recall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not gum nor permanently stain the hair. We want you to get a bottle of Recall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation remove dandruff, prevent the hair from falling out and promote an increased growth of hair and in every way give entire satisfaction, simply come back and tell us and without question of formality we will hand back to you every penny you paid us for it.

We lend our endorsement to Recall "93" Hair Tonic and sell it on this guarantee, because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our stores—The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Cal.; Seattle, Wash.; Portland, Ore.

URIC SOL TRADE MARK THE DEADLY FOE AND CONQUEROR OF RHEUMATISM

Uricol is not an experiment, not a cure-all, but a tried and proved remedy that has been performing wonderful work for years. The formula is that of a chemist of forty years experience.

IT WILL NOT ONLY CURE RHEUMATISM BY REMOVING EXCESS OF URIC ACID IN THE BLOOD, BUT IT DISSOLVES AND ELIMINATES DEPOSITS IN THE JOINTS.

Uricol positively has no injurious effects upon the stomach, but rather assists digestion and strengthens the digestive organs. Don't waste another day before investigating Uricol. If your druggist does not have it, send one dollar to the California Chemical Co., Los Angeles, and a bottle will be sent you prepaid.

It's theater, New York, the piece has been attracting large and enthusiastic crowds to this playhouse, and all indications point to a record-breaking run on Broadway. "The Climax" is a very beautiful story of Bohemian life in the great metropolis, but the intense very humanity is so common that it is the heart of the matter. The play is a masterpiece of the art of the theater. The play is a masterpiece of the art of the theater. The play is a masterpiece of the art of the theater.

GOLD DUST will sterilize your kitchen things and make them wholesome and sanitary

GOLD DUST does more than clean—it sterilizes and leaves your kitchen things sanitarly safe. The ordinary soap-washed utensil is not fit to eat from, because soap does not cleanse as thoroughly as it should—does not kill germs of decay which are bound to lurk in oft-used utensils.

Besides its cleansing virtues, GOLD DUST has the merit of doing work quickly, and saving your strength. It will do most of the cleaning without your assistance, and do it, too, in a quicker and more thorough manner than will soap or other cleansers.

GOLD DUST makes pot and pan spick and span.

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust has all desirable cleaning qualities in a perfectly harmless and lasting form.
